Re: StayWell Regional Well-Being Coordinators

Date: January 28, 2020

We are very pleased to announce that all of the Go365 regional representatives were transitioned to StayWell. This is a great benefit for us and our members as it brings in resources familiar with our program, our members, and our various agencies. In addition, StayWell hired another resource to ensure we have adequate coverage across the state. We have a total of six well-being representatives: five regional well-being coordinators (RWC) plus Katherine Sigler (formerly Hendy) who will serve as the team lead.

Attached you will find the regional map with the contact information of each representative. They are very eager to get started to assist you with any questions concerning the LivingWell Promise, planning onsite events, and coordinating with health departments.
